

North Mac Intermediate School
Curriculum Guide

Teacher – Dani Allen

Grade Level – Intermediate 4th grade

Course – Computers

Course Aims – Students will be introduced to the basic computer operations and concepts; digital citizenship; using technological tools that promote creativity and innovation; use technology to communicate and collaborate; use technology as a research tool; and finally, use technology for critical thinking, problem solving, and decision making.

Course Description – In computers, we will be focusing on the Microsoft products: Word, PowerPoint, and Excel. We will also focus our time on keyboarding and what it means to have digital netiquette. This will be accomplished through projects that will extend 4-5 weeks in length as well as taking lessons on cyber safety and keyboard instruction.

Applications

Microsoft Word

Microsoft PowerPoint

Microsoft Excel

Type to Learn

Various Internet Websites

Assessment

Projects will vary in point value. Students will receive a 20 point daily participation grade in addition to project grades.
