Today is Friday, March 6, 2020

News:

Dear Parents/Guardians,

This letter is to inform you that your child has been working on a four-month community outreach program through the character education and social skills program offered here at North Mac Intermediate with the School Counselor, Mrs. Forrester. With this program we are learning how to become better citizens and how to help those around us. Part of this program was to develop a community outreach project that would help our community or a local one near us. The student body voted and decided to help an Animal Shelter. We chose Benld Adopt-A-Pet. After reaching out to them to tell of our project, they were very excited and supportive. Benld Animal Shelter will be coming to speak with our students and will be bringing some very special guests with them on March 5th here at North Mac Intermediate.

In order for our students to be able to raise money for the animal shelter the students have decided to put on a silent auction of arts and crafts that they will create. They have been working hard on posters and flyers that will soon be hung-up all around Virden and Girard. These will be placed in local businesses to raise awareness to their project and to invite the community to come spend a night helping them raise food, animal toys, blankets, money and more for what is nearest and dearest to their hearts... the animals. **So, I please ask you to mark your calendars for March 26th, 2020 at 6pm to come help raise awareness and supplies for the animals by purchasing some of the amazing works of art that the students will be creating. There will also be other items for raffle donated by local businesses and outside participants.**

We look forward to seeing you there and can't wait to see what your students succeed through hard work, determination, and love. If you would like to help or donate any items please feel free to reach out.
