

Mulacek's Memorandum

HOME Folder – Each evening your child should bring home a folder with their completed papers, notes, and homework. Your child should be responsible for cleaning out this folder each evening, giving you any completed papers and notes. Homework should be completed and returned to the folder along with any other papers that need to be returned. Your child should bring their HOME folder back to school each morning and will be responsible for removing any items from the folder and turning them in.

Homework – Homework plays a very important role in helping your child achieve success in school. You can help your child by showing that you believe homework is important and that you have high expectations. Help your child create a routine for doing homework each evening. Your child will have homework assigned most days. Homework will be posted on Class Dojo daily. Your child will have 20-25 minutes each day to complete their homework in class. Any work your child does not complete in class should be placed in their HOME folder and completed that evening. All homework should be returned the next morning.

Class Dojo – Class Dojo will be used as a communication tool for you, your child, and me. Important information, homework assignments, special events, etc. will be posted on *Class Stories*. You can check to see if your child earned, lost, or used Dojo points. You may also message me with any questions, comments, or concerns you have.

P.E. & Recess – Your child will have P.E. & recess each day. Please be sure they wear or bring tennis shoes each day for P.E. and recess. They will not be allowed to play otherwise. I also recommend that they bring a sweatshirt as some students get cold at times.

Water Bottles – Your child may bring in a water bottle each day. They are allowed to add flavoring (ex. MIO) to their water, but they may not bring juice, soda, etc. in their water bottles. Water bottles must be taken home daily to be cleaned and refilled.

Reward Coupons – Your child may earn reward coupons for having homework turned in on time, good behavior, or meeting a goal. If they earn a SNACK coupon, they may bring in a small snack to eat during class. If they earn a FREE TIME coupon, they may bring a device or game to play in class. If they receive a NO HOMEWORK coupon, it may be used to not have to complete one homework assignment.

Agenda – Your child will receive an agenda that they may use to keep track of important events and assignments.
