## Remote Learning expectations:

We will post activities, videos, etc. daily to Class Dojo. You are required to provide documentation of completion of at least 5 of those activities per week. Our week will run Monday to Sunday night so you have the weekend to complete activities as well. To get credit for watching a video of a lesson please post in your child's portfolio a response to the question

asked in the video. This is how we will monitor your child's progress and attendance.

We will be assigning various activities for you to choose from. Please complete 5 activities and send us a message, video, or picture for each activity on Class Dojo. If your child attends in-person or a Teams Live, each counts as one activity credit. You may also send us something you did with your child such as if you count with your child, read a book, build a block tower, created a pattern, named shapes, etc. while you are playing, eating, driving, etc. Send these to us also and they will count as an assignment. We may give a specific task for your child to ensure we have updated progress. Please complete those.

Activities will be based on child's play. Activities may also focus on snack and gross motor time. Please allow approximately 45 minutes of child-led play per day as well as 20 minutes of gross motor play such as outside, park, dancing, exercise videos, etc. Activities provided will vary, but all will be aligned with Illinois Early Learning and Development Standards for Pre-school.
